

Healthy Start Certificate

To give your pet from the Humane Society of Tulsa (HST) the healthiest start possible, GTVETS Vet Hospitals (ARROW SPRINGS Animal Hospital –Broken Arrow and HERITAGE Veterinary Hospital –Tulsa) will provide your newly adopted pet with the following:

Complimentary Overall Wellness Exam* (STRONGLY RECOMMENDED WITHIN FIRST FIVE DAYS AFTER ADOPTION):

Examination includes checking your pet's heart, lungs and other vital organs, and examining for fleas, ticks and other external parasites. A GTVETS representative will call you soon to schedule your appointment, or you may call your nearest GTVETS Animal Hospital (**listed on the back**).

Complimentary 14-Day Follow-up Care** for any of the following conditions (UP TO \$500 MAXIMUM DISCOUNT):

- Upper respiratory infections
- Diarrhea of infectious origin (excluding parvo)
- Internal parasites
- Ear and eye infections
- Urinary tract infections
- Suture removal (including those from your pet's spay/neuter surgery)
- Infectious tracheobronchitis (kennel cough)
- Vomiting of infectious origin (excluding parvo)
- Common skin disorders

Not included: Some diseases and conditions are excluded (not part of complimentary care): Congenital and inherited diseases or conditions are not covered. No coverage is offered for the treatment of FIP, feline leukemia, FIV, parvovirus, distemper or hepatitis. No coverage is offered for sarcoptic mange, demodectic mange, ringworm or cheyletiella.

NOTE: BASED ON PET'S VACCINATION HISTORY, ADDITIONAL BOOSTER VACCINATIONS MAY BE RECOMMENDED BY GTVETS, AND ARE AT THE PET OWNER'S EXPENSE IF APPROVED.

PLEASE NOTE: This contract is void should you select another veterinary hospital for the initial examination of your companion animal for treatments, vaccinations, deworming and/or other veterinary services.

*****In order for a pet to be covered, the initial exam must occur at a GTVETS Animal Hospital. The HST has made sure that your new pet's vaccinations and deworming treatments are up to date. However, should your new companion develop any health concerns covered by GTVETS Animal Hospitals within the first 14 days after adoption, you may select any of the participating GTVETS Animal Hospital location to care for your companion. On the rare occurrence that your new pet's health problems are debilitating, congenital or critical in nature or outside the list of guaranteed conditions, GTVETS Animal Hospitals will give you a written estimate for costs and will consult with you and the HST on how best to proceed. This offer applies only to your new companion animal adopted from HST and not to any other pets you may already have in your family.***
